

THE CHOP HOUSE CHRONICLES

Panglao's First Real Chop House

Issue no. 2

HAVE YOU SEEN THIS COW?

The tail goes that when the farmer asked a herd of cattle who among them wanted to come to dinner, a cow didn't get the memoo and was left behind in the pasture. The cow wondered where her friends – a herd of good-looking bulls – had gone. She suspected something's cooking, and so she ran away. Many folks have allegedly seen her, and she seems to be everywhere to be found. So I'm sitting here with a sizzling meal at the farmer's table. Meanwhile somewhere out there is a lost cow.
